

NSPCC Launches its Positive Parents Promise Week 7 – 13 October 2019

Child protection in sport

The NSPCC Child Protection in Sport Unit (CPSU) has launched the Positive Parents Promise. The Promise is designed to help parents understand their responsibilities around child protection and their child's sport activities. The Promise gives parents information and resources to help them choose a safe club, listen to their child's concerns, and support their child and their teammates.
